☐ Experimental ☐ Computational

Title of the project:

Project Description: *(Briefly describe the background to the proposed research and the development of the hypothesis of your rotation project)*:

Please return this sheet to Tina Rimal (trimal@uci.edu) by Friday, April 17, 2020. In addition, you are expected to provide a final report of your project, along with your ‘End of Quarter’ Form, by Wednesday, June 10, 2020. Any additional reports required by your faculty rotation sponsor should also be attached.
